

SUMMER AT
uchicago

EXPLORE. LEARN. HAVE FUN.

Join fellow engaged, idea-driven students from around the globe as you dig in—sometimes literally—to a **Summer Session** program at one of the world's great intellectual destinations.

“Nothing can compare to the summer **Immersion Program** at UChicago, and I loved absolutely every single part of it. I will never forget the things I learned and friends I met. Thank you, UChicago, for such a life-changing experience.”

This summer, you can explore the world of economics, conduct meaningful research, analyze 52-million-year-old fossils, and enjoy the excitement of college life. When classes are done for the day, you and your new friends from around the world can experience the splendor of Chicago in the summertime: **outdoor music festivals**, **Chicago River tours**, afternoons on **Lake Michigan's shores**, or a picnic lunch on the main quad of UChicago's beautiful gothic, ivy-covered campus.

SUMMER.UCHICAGO.EDU

All Summer Session programs are designed for high school students ready to tackle undergraduate-level material.

Immersion

Through labs, discussions, field observations, and other hands-on activities, immerse yourself within a specific topic through these three-week long undergraduate-level intensive courses designed for pre-college students by UChicago faculty and instructors. Course subjects include American politics, art, biotechnology, genetics, international relations, neuroscience, philosophy, and physics.

Pre-College Summer Language Institute

Learn an entire year of a language online this summer! Students have the opportunity to take modern or ancient language courses in American Sign Language, Arabic, Chinese, French, German, Greek, Japanese, Korean, Latin, Spanish, or Turkish.

Summer College

Rising high school seniors can challenge themselves by taking undergraduate courses alongside UChicago and visiting undergraduate students. Experience UChicago's distinctively rigorous and engaging classroom environment with intellectual peers from around the world.

UChicago Summer Online

Take an undergraduate-level course with high school students from all over the world, from wherever you are! Summer Online allows students to explore subjects like biochemistry, art, finance, and more through five-week courses. Each course has been designed to make the most of online resources and activities to deliver the academically rigorous experience synonymous with UChicago.

Research in the Biological Sciences (RIBS)

Dive in and learn the techniques used in cutting-edge biological research laboratories and work in person at lab facilities at a world-renowned research university

Stones and Bones

Go behind the scenes at the Field Museum—one of the world's great natural history museums—and into the field in Wyoming to learn how fossils are collected, analyzed, and conserved.

Visit our website at summer.uchicago.edu for the most up-to-date information and a full list of course offerings.

“Summer Session was everything I was hoping for and more. I enjoyed all of the topics covered during lectures and discussion sections, as well as meeting people who were as curious and interested in learning as I am. The lectures allowed me to understand how a proper college education works, and the level at which they are taught.”

UChicago Enrichment Programs

Whether it be leadership, civil discourse, analysis of complex problems, or to engage in the liberal arts, enrichment programs give pre-college students, as early as 9th grade, a window into the unique culture of inquiry and discourse and the dynamism of intellectual discovery at the University of Chicago. Each enrichment program will advance and enhance skills that students can apply to their studies in high school, college, and beyond.

Students selected for each of the enrichment programs will be invited to reside on-campus to participate in discussions, workshops, and excursions, including programming related to admissions and success in college. All costs, including program fees and room and board will be covered, and the application fee is waived.
