AN EXCITING FUTURE FOR THE CLASS OF 2017

Just a few years ago, the University of Chicago College Class of 2017 said “yes” to their offer to study at UChicago. Now, after four years of dedicated study, research, and career preparation, the class said “yes” to an incredible range of fulfilling post-graduation opportunities.

Throughout their journey at UChicago, the Class of 2017 developed the skills and knowledge they needed to build not just a successful career, but a meaningful life. Their innate talents paired with the College’s transformational coursework, research opportunities, and internships proved to be a highly effective combination.

Because of this partnership, 93% of the Class of 2017 graduated with plans. These plans include working at leading organizations throughout the United States and abroad, continuing their studies at some of the world’s most respected graduate and professional schools, starting their own businesses, and serving the greater good through organizations like Teach for America.

Colin Parts
AB'17, ENVIRONMENTAL STUDIES, PUBLIC POLICY; ACCEPTED TO UNIVERSITY OF CHICAGO LAW SCHOOL

“My undergraduate career at UChicago prepared me to read, write and think critically about my interests and goals. I was taught to chase my passion and advocate strongly for my ideas. Those lessons have stuck with me and keep me motivated and confident in my abilities.”

UChicago Careers in Law

Patrick Quinn
AB'17, LAW, LETTERS, AND SOCIETY; HIRED AT CIVIC CONSULTING ALLIANCE

“My time at UChicago, and with the Field Public Policy and Service Program in particular, couldn’t have prepared me better for a career in public service. I was exposed to a wide variety of employment opportunities, given relevant professional skills, and connected to a network which continues to assist me as I work on improving public safety and achieving criminal justice reform in Chicago.”

UChicago Careers in Public Policy & Service

Elizabeth Woo
AB'17, ECONOMICS; ACCEPTED TO YALE UNIVERSITY SCHOOL OF MEDICINE

“Being at UChicago, I gained the confidence necessary to be able to be curious and pursue the many intersections of my passions within the context of Medicine. I loved that at UChicago I could start off my day discussing the rationale behind Plato’s Republic, figuring out how to do SN1 reactions in the next hour, solving maximization functions in relation to basic economic models, and end the day with a dining hall discussion on the role of identity in college housing. Without growing under the constant interdisciplinary stimulation at UChicago, I don’t think I would have quite the same motivation or vision and for that, I am very grateful.”

UChicago Careers in Health Professions

Noah Kahrs
AB'17, MUSIC, MATHEMATICS; ACCEPTED TO THE EASTMAN SCHOOL OF MUSIC

“UChicago Careers in Journalism, Arts, and Media treks and internships helped expose me to the wide variety of tasks I’ve faced in music graduate school. Careers in music can involve all sorts of unusual jobs and skillsets, but through UCUAM I was able to get a good sense of what it takes to put on performances and help run an ensemble, as well as the numerous paths I might take afterwards.”

EXCELLING FROM THE VERY BEGINNING
The Class of 2017 began their path to career success from the moment they arrived on campus. By taking advantage of career advising, job shadowing, RSOs, research, on-campus employment, and other UChicago resources, the Class placed themselves in a strong position for competitive internships and job opportunities.

A GLOBAL NETWORK
From their first internship applications to their final-round job interviews, the Class of 2017 received support from UChicago’s worldwide network of alumni, parents, friends, and employers. The UChicago community hosted hundreds of students at their workplace for treks and internships, donated millions of dollars to fund impactful career programs, and shared their years of experience and expertise. Their generosity has inspired the class to pay it forward to the next generation.

Getting experience
After exploring their possible career paths, the Class of 2017 gained hands-on experience in their field of interest through Career Advancement resources such as the Jeff Metcalf Internship Program. By participating in these programs, students gained the skills and experience needed to thrive in today’s job market. Students worked directly with employers to apply all they had learned in the classroom. Every year, UChicago offers:

45+ Career Treks
UChicago students have traveled to dozens of cities across five continents for site visits with employers in their fields of interest.

500+ Job Shadowing Opportunities
Job shadowing allows students to visit established professionals in the workplace, expand their network, and begin building up their resume.

2,500+ Metcalf Internships
Through the Jeff Metcalf Internship Program, students gain employment experience with leading organizations in a diverse range of fields.

100%
During their first year, every Class of 2017 student received an assigned career adviser to support their professional growth and development.

Anna Gregg
AB’17, CINEMA AND MEDIA STUDIES; ATTENDED JOURNALISM, ARTS, AND MEDIA TREK TO LOS ANGELES; HIRED AT FX NETWORKS
“The trek to Los Angeles was a fantastic contribution to my job preparation. I sincerely valued the opportunities that I was allowed via the trip. The most productive aspect of the trek, for me personally, was meeting many different alumni and employers that spanned the ever-widening industry of entertainment.”

Kritin Deshpande
AB’17, ECONOMICS, PUBLIC POLICY; EXTERNE AT BMO HARRIS BANK; HIRED AT BANK OF AMERICA MERRILL LYNCH
“The externship was an extremely rewarding experience for me. I was able to benefit immensely from my host’s experience in finance, including investment banking. The opportunity has allowed me to make lasting contacts and expand my network in an industry that interests me.”

Jonathan Seiden
AB’17, PSYCHOLOGY, COMPARATIVE HUMAN DEVELOPMENT; INTERNE AT NEW YORK LEGAL ASSISTANCE GROUP; HIRED AT NYC MAYOR’S OFFICE OF CRIMINAL JUSTICE
“My daily tasks and projects mostly consisted of supporting patients with debilitating diseases with outstanding legal issues. Seeing and participating firsthand in this form of public service will be an experience that I always remember and will certainly inform my career decision in the future with regard to public service and the importance of legal representation and assistance for the underserved.”

Alumni, parents, and friends gave more than $25 million to support career programs during the Class of 2017’s four years in the College.
THINKING ABOUT THE SPECIFICS

Many students pursued their interests in particular career paths in depth through the supportive structure of the “UChicago Careers In” programs. Through these expert-led, pre-professional programs, students received individualized guidance on their career plans, pursued experiential opportunities available in their intended fields, and connected with a network of professionals currently working in those industries.

Jessica Gartenstein  
AB'17, PUBLIC POLICY; CO-FOUNDED FRÖNEN FOODS

“The UChicago Careers in Entrepreneurship program at UChicago changed my outlook on my career path and my future aspirations. The prospect of creating a company always excited me but I never thought that I could because I did not know where to start. UCIE provided me with the necessary foundation to turn an idea from a passion into a reality.”

UChicago Careers in Entrepreneurship

Mary Vansuch  
AB'17, ECONOMICS, STATISTICS; HIRED AT TEACH FOR AMERICA

“UChicago Careers in Education Professions exposed me to a wide variety of professions involved in the education system. My research opportunities in the economics department gave me an academic interest in education, but it was through UCIEPs programming that I was able to talk with people in the field. I quickly realized there is no substitute for being in a classroom, so I became a 2017 Teach For America corps member teaching middle school math in DC Public Schools.”

UChicago Careers in Education Professions

Haozhe Shan  
AB'17, PSYCHOLOGY; ACCEPTED TO HARVARD UNIVERSITY

“My time at UChicago was definitely the formative years of my research interests. With support from UChicago Careers in STEM, I was able to pursue independent research projects that helped me decide if I wanted to become a researcher and what I would like to focus on.”

UChicago Careers in Science, Technology, Engineering, and Math

Victoria Monteiro  
AB'17, POLITICAL SCIENCE; HIRED AT BANK OF AMERICA MERRILL LYNCH

“The Trott Business Program gave me an exclusive view into the fields I was interested in and connected me with the resources to land the job. From Career Treks in London and Brazil to the Mock Interview Program, I received invaluable mentorship and preparation to secure internships in Marketing, Consulting and Investment Banking. I could not have done it without the support of Trott.”
