“My experience at UChicago was defined in part by the activities that not only influenced my decision to attend law school but also helped me prepare for the application process. Thanks to their help, I was accepted to and plan to attend the University of Chicago Law School as a Rubenstein Fellow this fall.”

HITTING THE GROUND RUNNING

From the moment they arrived on campus, the students of the Class of 2015 actively explored paths for their futures by engaging with key campus resources.

MAKING CONNECTIONS

At every stage of career development, the Class of 2015 took advantage of one of the University’s greatest resources: its global network of alumni, parents, and friends. Students developed strong connections as members of the UChicago community hosted hundreds of students at their offices, donated thousands of dollars each year to fund student career experiences, and shared invaluable expertise. These meaningful ties have helped leave the Class of 2015 well positioned to pay it forward to future generations of UChicago students.

FIRST-YEAR ENGAGEMENT WITH Career Advancement

CLASS OF 2015

“Of our 15 positions in Chicago, two went to [UChicago], the only program other than Harvard represented multiple times in our summer recruits. We love Metcalf students and are excited to continue our partnership with Career Advancement.”

“Of our 15 positions in Chicago, two went to [UChicago], the only program other than Harvard represented multiple times in our summer recruits. We love Metcalf students and are excited to continue our partnership with Career Advancement.”

“It is important to note that UChicago has done a great job of educating and developing bright young minds. Which is evident as we continue to hire more and more of your students.”

1,000+ Interactions with Alumni, Parents, and Friends
GETTING EXPERIENCE

After identifying their interests, the members of the Class of 2015 did what any good scholar would do: they gathered information to test their ideas. The students were remarkably successful in securing a wide variety of experiential learning opportunities that allowed them to get direct exposure to their fields of interest.

The Class of 2015’s time at the College coincided with a period of dramatic expansion in the number of internships, externships, and treks. The students’ proactive attitude together with this significant growth made for a highly effective combination.

500+
Trek Slots
Members of the Class of 2015 traveled to dozens of cities across five continents for site visits with employers in their fields of interest.

200+
Externships
Externship opportunities allow students to shadow established professionals at the workplace and begin building up their resumes.

1,300+
Metcalf Internships
Through the Jeff Metcalf Internship Program, students gained employment experience with leading organizations in a diverse range of fields.

Janey Lee
AB’15, POLITICAL SCIENCE; ATTENDED SPRING 2014 BUSINESS TREK TO ISTANBUL, TURKEY; HIRED AT THE INTERNATIONAL INNOVATION CORPS

“The trek confirmed my interest in working internationally in emerging markets. [It] made me realize that as long as I pursued internships and classes I was interested in, I would end up in the right place.”

Kevin Li
AB’15, ECONOMICS; EXTERned AT MIZUHO SECURITIES IN CHICAGO, IL; HIRED AT GOLDMAN SACHS

“This invaluable [externship] gave me a chance to see the everyday process of a firm. It is one thing to read a description of a firm’s operation, but another to see it in action. I was able to see the type of work involved, from calling clients to executing orders. I was also able to feel the working atmosphere at the workplace.”

Joseph LoCascio
AB’15, POLITICAL SCIENCE; INTERNED AT SIDLEY AUSTIN LLP IN CHICAGO, IL; ACCEPTED TO CORNELL UNIVERSITY LAW SCHOOL

“I researched interpretations of laws and authored memos on legal research questions. I pulled rules and regulatory guidance. I researched clearing organizations, comparing bylaws, rules, and procedures. [My Metcalf internship] exposed me to a different area of the law, one which I can see myself practicing. Most importantly, it reassured me that the law is something that I want to pursue.”
THINKING ABOUT THE SPECIFICS

Many students pursued their interests in particular career paths in depth through the supportive structure of the “UChicago Careers In” programs. Through these expert-led, pre-professional programs, students received individualized guidance on their career plans, pursued experiential opportunities available in their intended fields, and connected with a network of professionals currently working in those industries. UCI Business, for example, placed 100% of its students in full-time positions, with starting compensation packages as high as $120,000 in year one.

Dennis Zhao
AB’15, ECONOMICS; STATISTICS ASSOCIATE
PRODUCT MANAGER, UBER

“Career Advancement has been extremely involved in my professional development from the day I stepped on campus, organizing activities like resume reviews, treks to companies in the Bay Area, small group chats with VCs, introductions to alumni in the industry, and one-on-one meetings. [UCIE] in particular has always been willing to lend an ear and share relevant and impactful advice during my time at UChicago. I’m sure that UCIE has guided me to where I am today, and I’m thankful for all that they’ve done in both my personal and professional endeavors.”

UChicago Careers in Entrepreneurship

Elisa Epstein
AB’15, NEAR EASTERN LANGUAGES &
CIVILIZATIONS; PROJECT ASSISTANT, TAHRIR
INSTITUTE FOR MIDDLE EAST POLICY

“The support that I received from UCIPPS was incredible. I would not have found or been able to apply for my current position at a Middle East–focused nonprofit in DC without the support of the UCIPPS counselors and expansion of the University of Chicago Public Interest Program. I learned basic professional skills like resume building and interview tactics through UCIPPS programming but, more importantly, I was given one-on-one counseling that helped me navigate the job market and application process successfully.”

UChicago Careers in Public Policy and Service

Michael Hwang
AB’15, MUSIC; ANIMATOR

“My internship with the Spektral Quartet made possible by UCIJAM was bar none one of the most hands-on, relevant, and educational work placements I’ve ever had the privilege of being a part of; it has opened up my future plans immensely. As a direct result of the new skills, knowledge, and experiences I picked up during my internship, I am currently working full-time as a clay animator for an education lab, continuing promotional and documentary work with the quartet, and creating an independent animated series with friends.”

UChicago Careers in Journalism, Arts, and Media

Hope Bretscher
AB’15, PHYSICS; MARSHALL SCHOLAR,
UNIVERSITY OF EDINBURGH

“I think [Career Advancement] realizes that at UChicago, students love to learn, and helps them connect that passion to careers they find meaningful and fulfilling. I’m glad that UCISTEM has helped me connect my academic interests to careers that also align with my values and goals.”
